

Hamza Mahmoud

Hamza is a hardworking, easygoing, and talented athlete that coaches have had the pleasure of getting to know since he moved to Sask from Egypt nearly 4 years ago. We've asked him a few questions to know more about him. If you'd like to catch Hamza in action he is our starting goalie for our 17U NCL team traveling to Richmond this weekend.

Do you have any hobbies or other activities you like?

I have other hobbies other than water polo I like to go hiking I like to go fishing and I used to go scuba diving when I was in Egypt

How did you first get into water polo?

I started playing water polo when I was 8 in Egypt I played for the AHLY sporting club. I wasn't having fun playing other sports. My brother was trying out water polo and I got jealous so I told my mom I wanted to try out. Funny thing is my brother quit since when I am still playing.

Do you have any goals or a plan for after high school?

One thing that I always wanted to do was to play at the international level so hopefully I can get my citizenship on time and I can play for the national Canadian national team this summer.

Any fun facts about yourself?

Fun fact my first sports I played was karate and swimming I had a brown belt in karate
